The 6th International Conference on Modeling, Simulation and Programming for Next Generation Networks (MSPN 2024) will be held in Paris, France on October 28-29, 2024. The conference will provide a forum for researchers and practitioners to share their latest research findings and experiences in the field of modeling, simulation, and programming for next generation networks.

MSPN 2024 will cover a wide range of topics, including:

- Modeling and simulation of next generation networks

- Programming for next generation networks

- Performance evaluation of next generation networks

- Network security and privacy

- Cloud and fog computing

- Internet of Things (IoT)

- Big data and analytics

- Artificial intelligence (AI) and machine learning (ML)

- Blockchain and distributed ledger technologies (DLT)

MSPN 2024 is an excellent opportunity for researchers and practitioners to network with each other and learn about the latest advancements in the field of modeling, simulation, and programming for next generation networks. The conference will also feature keynote speeches from leading experts in the field.

The deadline for submission of full papers is April 1, 2024. For more information about the conference, please visit the MSPN 2024 website: https://www.mspn2024.org/.

Important Dates

- Deadline for submission of full papers: April 1, 2024

- Notification of acceptance: June 1, 2024

- Camera-ready deadline: July 1, 2024

- Conference dates: October 28-29, 2024

Organizing Committee

The MSPN 2024 Organizing Committee is composed of leading researchers and practitioners in the field of modeling, simulation, and programming for next generation networks. The committee is responsible for planning and organizing the conference.

Co-Chairs

- Dr. John Doe, University of Paris, France

- Dr. Jane Doe, University of California, Berkeley, USA

Members

- Dr. Alice Smith, University of Cambridge, UK

- Dr. Bob Jones, University of Tokyo, Japan

- Dr. Carol Lee, University of Melbourne, Australia

- Dr. David Brown, University of Toronto, Canada

- Dr. Eve White, University of New South Wales, Australia

- Dr. Frank Black, University of California, Los Angeles, USA

- Dr. Grace Green, University of Oxford, UK

- Dr. Henry Brown, University of Peking, China

- Dr. Ian Smith, University of Zurich, Switzerland

- Dr. Julia White, University of Sydney, Australia
